**bauma 2019** – Experience the construction machinery industry in all of its dimensions—all industries, all market leaders and all important innovations. The international trade fair bauma is the definitive platform for construction and building-material machines, construction vehicles and equipment and mining machines.

## 1. Leading business hub

bauma is the optimum marketplace for good business. It has been bringing suppliers, solutions and potential customers together since 1954. Make valuable new business contacts at the global level.

## 2. Thrilling world premieres

bauma features a high concentration of innovations and sets the pace for the global construction machinery industry.

## 3. Unifying industry gathering

bauma welcomes participants from trade and industry as well as service providers from the construction and building-material industries.

» Every three years bauma offers us the unique opportunity to meet with customers from around the world. As the largest trade show in our industry, it is a good opportunity to showcase new products and services as we show our customers the many ways that Terex works for them. «

(John L. Garrison, CEO & President, Terex Corporation, USA)

» We regard bauma as the unique exhibition in the world which represents the construction sector widely and deeply. There is no other event that allows the exhibitors to achieve that international visibility. bauma is the right expo to establish new business partnerships where the future is being built by introducing state-of-the-art technologies. «

(Lucia Faresin, Executive Director, Faresin Building, Italy)
