## Exhibitor statements

» We are satisfied with the results of the show. Next year we are going to double our space and present new models.«  
Engin Barutcuoğlu, Export Manager at Hidromek

» We greatly appreciated the idea of demonstrating the equipment live. We were able to highlight particular advantages of our machines, this is simply not possible in a static presentation on a regular stand. We wish the further development of the project! «  
Roman Tolmachev, brand manager at Wacker Neuson LLC

## Demo show 2019

More than 450 specialists visited the demo area in 2018. In 2019 exhibitors will again have the opportunity to present their latest machines and innovations live at the show.
